

WASCAL SCHOLARSHIP OPPORTUNITY

INTERNATIONAL MASTER'S PROGRAMME IN ENERGY
& GREEN HYDROGEN TECHNOLOGY (IMP-EGH)

International Master's Programme in Energy and Green Hydrogen Technology is innovative for the West African region, designed to prepare the next generation to address the energy challenges of adaptation and resilience to Climate Change in West Africa, allowing for a better understanding of present-day energy infrastructures in West Africa, their strengths and weaknesses, energy policies, practices in a changing climate context and the search for sustainable solutions.

WHO CAN APPLY?

Students from ALL West African countries with Bsc in Physics, Chemistry and Bio-Chemistry, Mechanical Engineering, Statistics or related fields

FIELDS OF STUDY & LEAD UNIVERSITIES

- Green Hydrogen Production and Technology/Georesources (Wind/Water) and GREEN Hydrogen Technology - Université Felix Houphouet Boigny, Cote d'Ivoire
- Bioenergy/Biofuels and Green Hydrogen Technology - Université de Lomé, Togo
- Economics/Policies/Infrastructures and Green hydrogen technology - Université Cheikh Anta Diop de Dakar, Senegal
- Photovoltaic and System Analysis for Green Hydrogen Technologies - Université Abdou Moumouni, Niger

HOW TO APPLY: visit www.wascal.org
DEADLINE FOR APPLICATIONS: April 30th , 2021
